Summary

I am a dedicated undergraduate student pursuing a B.E. in Computer Science and Engineering, currently gaining practical experience in web development, UI/UX design, and data entry operations. Proficient in a variety of programming languages such as Python, HTML, CSS, and JavaScript, I have also worked with frameworks like React and Bootstrap to develop responsive web applications. My familiarity with IDEs including VS Code and Anaconda extends to both Windows and Linux environments, while my database skills encompass SQL and NoSQL technologies.

In addition to my technical skills, I am adept at using design tools such as Adobe XD, Figma, and Canva, and have a strong background in content and copywriting. My academic journey includes participation in workshops focused on data science, cloud computing, and AI, alongside hands-on projects like an IoT-based water alert system. Outside of academics, I enjoy writing creatively, exploring different sports, traveling, photography, engaging in art and craft, and strategic gaming experiences.

Technical Skills

Looking Up	Web Development, UI UX Designing, Data Entry Operating, Content and Copy writing, Logo and Interior Designing
Database	SQL, MongoDB, MYSQL
IDE And OS	VS Code, Anaconda, Spyder, Windows, Linux, Jupyter, Microsoft Office, Google sheets, Canva, QuillBot, Grammarly, Figma
Programming Languages	Python, HTML, CSS, JavaScript, PHP, C++, C, Node.js
Frameworks	Bootstrap, React, Angular
Design Tools	Adobe XD, Figma, Adobe Photoshop, Adobe Premier pro, Adobe Illustrator, Canva
Others	Flutter, GIT, Google Cloud, Notepad, AWS, GCP, Microsoft Azure, Arduino IDE

Education

Syed Ammal Engineering College (Autonomous) - B.E Computer Science And Engineering | 2021-2025 |

Syed Ammal Matriculation Hr Sec School - 12th grade - 78.53% | 2021 |

Velumanickam Mont Matric Hr Sec School - 10th grade - 70.43% | 2019 |

Interests

Writing Books: Enjoy exploring creative storytelling and literary expression.

Sports: Active participant in any games.

Traveling: Passionate about exploring new cultures and destinations.

Photography: Capturing moments and scenes through a lens.

Art & Craft: Creative pursuits in various mediums.

Gaming: Engaging in strategic and interactive gaming experiences.

Language Known

Tamil

English

Achievements

During my one-month internship at Codebind Technologies, I developed and implemented web applications using VS Code.This experience provided me with practical expertise in HTML, CSS, JavaScript, React, Bootstrap, and Angular.

I have actively participated in several workshops to enhance my knowledge in data science using Python, cloud computing, and AI. These experiences have not only deepened my understanding but also provided practical exposure to working in diverse environments.

Projects

I have completed an IoT-based project focused on developing a water alert system.

During my internship, I completed a piece that showcased an online shopping site.
